

Sweetheart of the West – Available for Adoption Immediately

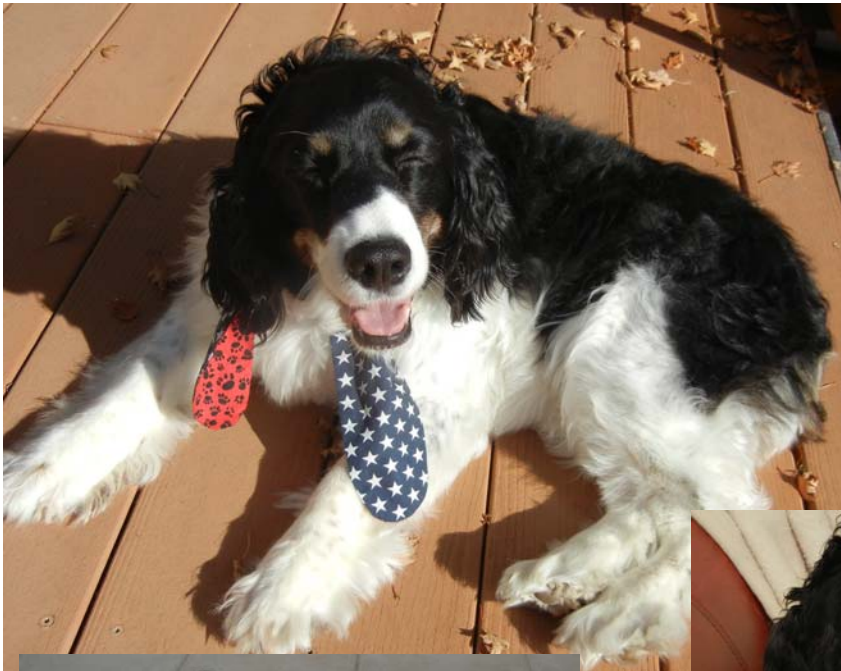

ELLA

Ella's owner died suddenly, she is now living with foster parents, but needs a permanent home.

Breed: Rare full breed "tricolor" English Springer Spaniel (black, white, and brown)

Age: 5 or 6 years. Live expectancy for this breed is about 14-15 years.

Weight: 35 lbs

"A nice girl like me shouldn't have to live on the street, right?"

ELLA is a live-wire, full of energy and craves loving! She'll be in your lap (or your bed) whenever you can spare a moment.

Best home for her: Kids, maybe. Lots of attention. Left at home all day alone? Not a good choice.

Definitely an in-door dog.

Fully house trained. Doesn't eat things or damage furniture. (Oh, OK, a paper or two left on the floor might be shredded!)

Dogs like ELLA are *expensive*, look it up on the web. We don't want money, we only want a great home for this lovely girl.
